

Chippewa Valley Schools Reproductive Health Advisory Board Report

2015 - 2017

The Advisory Board

27 Members

10 Parents

10 Staff

3 Students

1 Public Health Educator

1 Faith Community Representative

2 Community Partners

Biggest Accomplishments

Elementary

- All training is current
- Added parent ability to view reproductive health/HIV materials on line from home
- Just Around the Corner for Girls
- Raising a Sexually Health Child

Biggest Accomplishments

Middle

- All training is current (August 2017)
- All curriculum is consistent
- Opportunity for the staff to exchange ideas and support each other

Advisory Board recommendation is to move Health class to 7th grade if possible. It is a better match developmentally and fits nicely into our scope and sequence for K – 12 Health lessons.

Biggest Accomplishments

High School

- Atlas Rubicon
- Curriculum aligned for all Health classes (including Mohegan and IAM)
- All training is current - August 2017
- MiPHY data collected 2016

Biggest Accomplishments

The Advisory Board

- Continues to meet regularly and address staff and community issues
- Approved new Special Education curriculum (FLASH)
- Reviewing and staying on top of guidance from Michigan Department of Education regarding inclusive Sex Ed programs (handout)

Exciting Things Ahead

- Ensuring that CVS Sex Ed programs are inclusive and current with our student needs and community standards.
 - Looking at moving middle school health to 7th grade
 - LGBTQ MOASH inclusivity toolkit from Michigan Department of Education (handout available for each of you)
- MiPHY February 2018 (7th, 9th, 11th grade)
- Continue to meet parent needs by offering evening/weekend programming to support in home sex education conversations
 - Just Around the Corner
 - Raising a Sexually Healthy Child
 - Parent Saturday

Exciting Things Ahead

Chippewa Valley Schools Reproductive Health Education program will strive to provide the most up to date and outcomes oriented curriculum for students in order to assist them in making the healthiest choices possible for their future.
