Instead of ...

- · I'm not good at this.
- · I'm awesome at this.
- · I give up.
- · This is too hard.
- · I can't make this any better.
- · I just can't do math.
- · I made a mistake.
- ·She's so smart. I will never be that smart.
- · It's good enough.
- · Plan A didn't work

Try thinking ...

- · What am I missing?
- · I'm on the right track!
- · I'll use some of the strategies we've learned.

· This may take some time and effort.

- · I can always improve, so I'll keep trying.
  - · I'm going to train my brain in Math.
  - · Mistakes help me to learn better.
  - · I'm going to figure out how she does it so I can try it!

· Is it really my best work?

· Good thing the alphabet has 25 more letters!
