Welcome to Chippewa Valley Schools (CVS), School-Age Child Care (S.A.C.C.) Program! Our mission is to provide a safe and friendly supervised environment, encouraging children to enhance their social/emotional, physical, and cognitive development through a wide range of age-appropriate activities. Children will be provided with the opportunity to participate in activities that are both self- and staff-directed or initiated.

Childcare Goals

The School-Age Child Care Program strives to provide the following:

- A safe, healthy environment where staff strive to meet the emotional, social, and physical needs of the children.
- A nurturing environment for all children.
- Respect for self and others, while responsibilities and social skills are both enhanced and encouraged.
- A safe place for children to socialize with peers.
- Planned and supervised activities before and after school, including arts and crafts, science, and math activities.
- Indoor and outdoor physical activities provide children with the opportunity to play and work as a team, while getting exercise.

We are pleased to be part of your family's childcare experience and look forward to a wonderful school year.

Please contact the Program Director of your school with any questions you may have regarding the SACC program. **Specific items or sections may differ per site.**
